5) As the acquisition of properties has been taken up at the instance of a private party, the question of granting the amount out of the State Fund does not appear to arise. Moreover no provision is made in the State budget towards such proposals of the Trust Board. It is also not clear to what extent the Trust Board has been benefitted from the scheme. Either the Trust Board has to meet the cost or the ~~Govt~~ authorities of the institution in question.

6) In the above circumstances it is for orders whether the Trust Board may be asked to meet the extra cost involved out of their funds or whether further information, as referred

a) Whether the proposal of the Trust Board for a govt grant of Rs 11,089/- in connection with the acquisition of properties in question may be sanctioned

or

Whether the Trust Board may be asked to meet the cost from out of its funds by making provision in this behalf in its next year's budget

20) No reasons are adduced as to why the heavy amount for the acquisition in question will have to be borne by the Government. The Scheme was sanctioned by Govt in the normal course as the Trust Board agreed to meet the Cost out of its budget for the year now the Compensation amount, as seen to have been largely under-estimated, the extra expenditure
